# OUR STORY

GDX AUTO was founded in Taizhou, Zhejiang, China.  
As a professional sourcing consultant in the automotive aftermarket industry

China owns the largest and most comprehensive automotive parts manufacturing category in the world. It's easy to find the suppliers. However finding the right one can be difficult and sometime full of pitfalls, not to mention multiple product line that you need to take care of.

That's why a genuine, one-stop auto parts sourcing solution, full time based in China for you, can make things easier and more efficient.

My experience in global major shock absorber and air suspension company in China, ensures professionalism in the supply chain management, manufacturing process, new product development, quality control and assurance, and managing demand.

***Mindset is the everything.***

# OLD CUSTOMERS REVIEWS

“ I have been dealing with Cettina for more than a year. She is a very responsible and customer oriented professional.

Her responses to our request are very fast and really beyond our expectation. Even though she is considers quite new to the automotive aftermarket, you will be surprised from the knowledge she has learned in the short period.

From her commitment and dedication to serve customers the best she can, I'd strongly recommend her to any company who is looking for a high caliber sales and marketing professional.

“ I am writing this letter to recommend Cettina Xia for the position of sales representative.

Cettina was a key sales representative. She's a diligent worker and a very capable saleswoman, and I'm sure she'll be successful in any company.

Sales requires a natural skill in dealing with people and knowing the right thing to say, and this was perhaps where Cettina set herself apart the most. Customers like me loved her and she was able to connect with me in a meaningful way. Her skills, and the results she achieved, make sure that she comes with the highest recommendation.
